A LETTER FROM WORLD CITIZEN PRESIDENT, MARTA GOLDENMAN

What an exciting time for World Citizen! I like to think of World Citizen's organization along the lines of a well-planted tree: We have deep roots in Peace Education, and we have a trunk with rings that shows years of engagement in the world; some years are consistent, some years show large rings of growth. As we head into spring, we are anxiously awaiting a few new blossoms for our organization that we are sure will show large rings of growth as we reflect back in years to come.

First, we are excited to launch our new website! We are thankful to our partnership with Winding Oak and the behind-the-scenes work of several of our board members. The new website will not only give World Citizen a fresh look but a chance to try out several new social media opportunities! Check us out at www.peacesites.org. Please also enjoy the new look of our newsletter.

Our Peace Education workshops have been a source of learning and reflection for many during these ever-changing times in our world. Lonnie Strand, our Peace Education coordinator, has done an incredible job of bringing current topics and conversation to educators from schools, churches, nonprofit organizations, and the community. Lonnie and the workshop team have received extremely positive feedback on the sessions they facilitate. Through generous donor support we are able to offer all Peace Education sessions at no cost to the participants with the opportunity to receive CEUs and paid substitutes for educators.

We are excited to announce a new partnership with Eagle Bluff Environmental Learning Center in Lanesboro, MN! The World Citizen board had the opportunity to be at the Peace Site Dedication ceremony that was held at Eagle Bluff. This dedication included the planting of a Ginko tree that was grown from a seed from a tree that survived the bombing on Hiroshima. We also wrote on paper cranes and placed them on the peace tree. Eagle Bluff is a world-class environmental center, providing incredible learning opportunities for students and community members of all ages. The Program Director, Colleen Fohrenbacher, joined us for a Peace Education session. Colleen shared that many of the schools that visit Eagle Bluff are also World Citizen Peace Sites! Together as partners in Peace Education we will collaborate to provide outstanding educational opportunities grounded in our Peace Action of "Protecting the environment." *Please see the box below for a full list of our Five Peace Actions.

World Citizen also recently participated in the 2018 American Montessori Conference, which was held in March in Denver, CO. We were approached by Lisa Krupp, a passionate Montessori Teacher and Peace Educator who saw the mission of World Citizen as complimentary to that of the Montessori schools. Lisa has already worked with World Citizen to bring Peace sites to the Island of Eleuthera in the Bahamas! We met many potential Peace Site partners at the conference and look forward to further contact.

At our last board meeting I reflected back with our board on our goals for the year. I am happy to announce that we are actively working on all of our goals. In several cases we have already met our goals. Our board has become a working board. One that continues to be guided in our mission of "Empowering Communities to Educate for a Just and Peaceful World." We truly ground everything we do by our Five Peace Actions, and when we follow the first four peace actions, we ensure that we go forth to be Responsible Citizens of the World.

We will continue to draw strength from our deep roots, stand tall with our thick trunk of experiences, and eagerly await the new blossoms that will surely turn into beautiful flowers and thick rings of growth for our organization. We thank you, World Citizen partners, for nurturing our growth!

Marta Goldenman,
World Citizen President

World Citizen's Five Peace Actions:

- » Seek peace within yourself and others
 - » Reach out in service
 - » Protect the environment
 - » Respect diversity
- » Be a responsible citizen of the world

Not only do the Five Peace Actions give us the direction we need to understand and practice key elements of Peace Education, but they strengthen our World Citizen Mission Statement:

Empower the Community to Educate for a
Just and Peaceful World!

"The signs are
clear and the
time is now.
Hate-filled
rhetoric,
polarizing
principles, and
fear-based
boundaries are
not pathways
to progress."

Michael
Bergman,
former World
Citizen Board
Member

On February 6, 2018 a group of forty five adults from various walks of life gathered to listen to a message about a subject that just a few decades ago was hardly mentioned. Back then it was whispered about, and now it is starting to be openly talked about: SUICIDE. Dr. Dan Reidenberg walked the attendees of this Peace Education session through the stigma of mental illness which often deters individuals and families from getting any help to prevent this tragedy. Dr. Reidenberg is the executive director of SAVE, Suicide Awareness Voices of Education, where he works with doctors, nurses, mental and chemical health professionals, law enforcement, EMTs, teachers, business professionals, clergy, and other influential leaders in our communities to make us "suicide safer." We learned that suicide takes the lives of 38,000 Americans each year, it's the 10th leading cause of death, and it does not have one single cause. Certain factors like substance abuse and untreated depression can lead to higher risk of suicide just as having a robust social circle can help protect you from suicide.

Our recent Peace Site, Eagle Bluff Environmental Center, did a brief presentation to the attendees about its facility and services available to families, groups, and schools. The attendees were encouraged to reach out to Eagle Bluff and take part in the Environmental Learning Opportunities as they would explore our Peace Action to PROTECT the environment. Former World Citizen Board Member Michael Bergman also talked to this group about his social media movement at REFUSE2Hate. Michael started this Facebook/Twitter/Instagram social media movement to say, "The signs are clear and the time is now. Hate-filled rhetoric, polarizing principles, and fear-based boundaries are not pathways to progress. REFUSE2hate is an organization existing free from political partisanship and all limiting labels. R2H unites People with Purpose and activate healing wherever there is hatred

through the promotion of the Four Core Principles: STAND UP against hate in all its forms. REVEAL who you are and what you believe to be true. HEAL regardless of what you protest for or against, and especially where fear runs rampant. Choose to REFUSE, look toward the hope ahead and united we can Heal Now." We encourage our World Citizen's to follow Michael's lead as we RESPECT diversity.

Our final Peace Education Session of 2017-2018 will be on April 18th as Dr. Justin Patchin of the Cyberbullying Research Center will speak on willful and repeated harm inflicted through the use of computers, cell phones, and other electronic devices. We will also hear about Restorative Justice. Please plan to join us for this wonderful opportunity!

Lonnie Strand,
World Citizen Peace
Education Coordinator

Dr. Reidenberg walked us through warning signs that a person may be in acute danger and may need urgent help:

- Talking about wanting to die or to kill oneself;
- Looking for a way to kill oneself;
- Talking about feeling hopeless or having no purpose;
- Talking about feeling trapped or being in unbearable pain;
- Talking about being a burden to others;
- Increasing the use of alcohol or drugs;
- Acting anxious, agitated, or reckless;
- Sleeping too little or too much;
- Withdrawing or feeling isolated;
- Showing rage or talking about seeking revenge;
- Displaying extreme mood swings.

If you know of anyone exhibiting these behaviors, call Lifeline at 1-800-273-8255 or go to www.save.org.

American Montessori Society Conference in Denver: A World Citizen Adventure!

Current World Citizen President Marta Goldenman, Former World Citizen President Martha Roberts, and Montessori educators Lisa Krupp and Cheryl Cox traveled to Denver March 22-25, 2018, for the annual American Montessori Society Conference. Representing our organization, these four hardworking women set up a World Citizen booth, welcoming visitors, meeting other educators, and even signing up a new International Peace Site!

Our best selling point at the conference was our Punch Card Promotion. With the Punch Card promotion, we offered a free Peace Site packet and an opportunity to Skype with author with Caren Stelson, worth a \$225 value. The winner of this awesome package was Anne L. Evans from Galilee Montessori in Virginia Beach, VA. In addition to this great way to promote World Citizen, Lisa displayed a small tablet to display our newly updated website ([check it out at www.peacesites.org](http://www.peacesites.org)) and handed out many World Citizen marketing cards.

There were many other fantastic opportunities for our World Citizen representatives at the conference. Lisa, Marta, and Martha were invited to an outstanding meeting during the conference with the head of the American Montessori Society Peace Committee. Just before the conference hall closed, a group from China came to the World Citizen booth and wanted to buy an International Peace Site packet. Luckily Lisa had one left, and sold it to them on the spot; our newest Peace Site is now in China. What a wonderful International connection!

As a thank you for their tremendous work, World Citizen decided to give the World Citizen Peace Pole prototype to Lisa and Cheryl for their school, Crystal Lake Montessori, which is a Peace Site. Without Lisa's help, connections, and suggestions, this opportunity might not have been possible for World Citizen.

INTERNATIONAL PEACE SITES

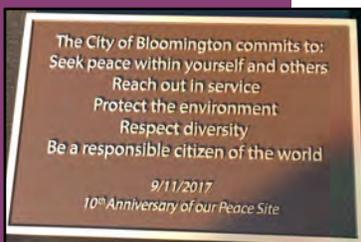

Empower communities to educate for a just and peaceful world.

Spring 2018

Martha Roberts and Karen Johnson have been updating our Peace Site records. We are gathering new info on addresses, contact persons, phone numbers, e-mail addresses, dedication and rededication dates, and activities. Our new information will be placed in a more accessible data storage so we can easily contact sites to check in and help them with their programs. The re-collection of this data is an ongoing project that will enable us to keep better contact and offer more help to our sites. In turn, they will have easier access to us and our new re-organized web site and Facebook page. We will keep you posted with our efforts!

Bloomington Civic Plaza Re-Dedication Ceremony Marks 10th Anniversary as a Peace Site

On September 11, 2017 (International Day of Peace) a group of Bloomington Citizens involved the Bloomington Human Rights Commission to dedicate the Bloomington Civic Plaza as a Peace Site. A Peace Pole was planted in the front entrance to commemorate the day. Bloomington citizen Monica Williams led the group of Bloomington citizens to make this possible.

The ceremony was hosted by the Bloomington Human Rights Commission and Mayor Gene Winstead. Two city councilmen also joined the re-dedication. The proclamation to re-dedicate Bloomington Civic Plaza as an International Peace Site was read and presented at the Bloomington City Council meeting following the outdoor rededication ceremony.

For the 10th Anniversary, the Bloomington Human Rights Commission commissioned a plaque to be placed on the foot of the Peace Pole with the Five Peace Actions: Seek peace within yourself and others; Reach out in service; Protect the environment; Respect diversity; Be a responsible citizen of the world. Martha Roberts, President of World Citizen spoke at the re-dedication ceremony along with Monica Williams and the city dignitaries.

Hidden Valley Elementary Holds Annual Sing-a-Long and Re-Dedication Ceremony

On January 19, 2018, Hidden Valley Elementary in Savage, MN, held its annual Peace Sing-a-Long and Peace Site Re-dedication. The students sang beautiful songs, including "What A Wonderful World," and invited the parents and guests to join in on "We Shall Overcome," "Peace Like A River," and many more. It was a joy to be invited and to experience, once again, the rich diversity of the students, and the enthusiasm and passion of the teachers, administrators, and staff!

Deep Creek Middle School Peace Pledge:

"I promise to fill the world with peace, to be one person making a difference. My actions big and small, creating peace for one and all."

Congratulations to Deep Creek Middle School, the First Caribbean International Peace Site!

On a recent trip to the the Island of Eleuthera in the Bahamas, Lisa Krupp's efforts were well received by many residents of the island. Lisa, an educator at Crystal Lake Montessori School in Illinois and World Citizen partner, presented World Citizen's Five Peace Actions and information about becoming an International Peace Site to several schools and organizations.

On February 21, 2018, Deep Creek Middle School became the first International Peace Site in the Caribbean! It was an exciting event planned by the students in the Wellness Club. Students, staff, parents, and members of the Rotary Club of Eleuthera were present for its first dedication and the raising of the World Flag. They sang, recited poems, and created a Peace Pledge for their school. It was quite inspiring to observe these young peacemakers determined to make a difference. They are committed to working together with World Citizen and others in an effort to create a more peaceful world in these challenging times.

It is only the first location of many to come on the Island of Eleuthera. It is an amazing island destination for educators, families, and anyone looking for a cultural immersion experience. Please e-mail Lisa for future Peace Retreats that would include attending an International Peace Site dedication event at krupphart@yahoo.com.

Deep Creek Middle School, Eleuthera, Carribean: International Peace Site!

Congratulations to Eagle Bluff Environmental Learning Center in Lanesboro, MN, for becoming a new International Peace Site!

Eagle Bluff: A New International Peace Site

We are proud to announce that Eagle Bluff Environmental Learning Center in Lanesboro, MN, has become a World Citizen International Peace Site, joining 750 schools, businesses, and non-profits that make up the community of peace sites around the world. As such, we have committed to supporting the following Peace Actions of World Citizen (see page 1). After dedicating our site, Eagle Bluff staff met with World Citizen board members and found that our organizations have very similar values and goals. We were able to identify many schools that are World Citizen Peace Sites and currently visit Eagle Bluff. Together, our organizations hope to develop peace related activities that complement a school visit to Eagle Bluff and support the Peace Actions. For more information on becoming a World Peace Site, please visit www.peacesites.org.
